

MOUNTING ACCESSORIES

Breakable Couplings

Compliant with:

ICAO: Annex 14, Volume 1

FAA: AC 150/5345-46

A wide range of breakable couplings to fit the various requirements for mounting of elevated fittings is available.

They are compliant with the requirements of ICAO and FAA.

Model: 924221

Model: 924241

Model: 924251

Mounting Flanges

The mounting flanges are made of forged high quality aluminium alloy with high structural strength; they are light weight and the finish is made of high corrosion resistance paint applied by electrostatic spraying process.

Outer Diameter 165 mm

Outer Diameter 304 mm
