

MOUNTING ACCESSORIES

Shallow Bases

Compliant with:

FAA: Designed and tested in compliance with requirements of AC 150/5345 – 46 and 42 for direct mounting of inset lights (class 1).

IEC: 61822

8 Inch and 12 Inch IEC Shallow Base

- The shallow bases are made of forged high quality aluminium alloy.
- The combination of qualities of forging aluminium makes it the ideal solution for this type of application.
- They are suitable for mounting of 8" diameter IEC fittings or 12" fittings.
- High precision machining ensuring overall quality and precision of shallow base
- Threaded holes with stainless steel sleeve for better mechanical strength
- Available with cable entries on the sides or from the bottom
- Overall dimensions:
 - 8" Shallow Base 220 mm diameter, 150 mm depth
 - 12" Shallow Base 320 mm diameter, 150 mm depth

12 Inch Shallow Base

8 Inch Shallow Base
